

Non-Operative Foot & Ankle Physician

About Footbridge Centre for Integrated Orthopaedic Care

Footbridge is a brand new, multi-disciplinary orthopaedic clinic - home to several specialist physicians, physiotherapists, imaging and orthotics/bracing specialists. Our mission is to provide a compassionate and efficient patient-experience starting from the initial consultation through to follow-up and related care. We are looking for a non-operative foot & ankle Triage Physician who is motivated to work with us to achieve our goals of improving patient access and collaborative care.

Visit: www.footbridgeclinic.com for more information.

We are seeking a non-operative foot & ankle physician who is excited about working in an integrated environment. Interested applicants must value inter-disciplinary collaboration with an emphasis on evidenced based best practices. The ideal candidate would be seeking a long-term position, be interested in working three days per week in clinic and acting as a surgical assist in the OR with all Footbridge surgeons. This position is perfect for a newly-retired Orthopaedic Surgeon or a Family Medicine Physician who is interested in developing their musculoskeletal skills and working in an Orthopaedic environment.

Responsibilities

- Provide assessment, consultation, treatment and follow-up of Footbridge non-operative foot and ankle patients using evidenced based best practices.
- Participate in centralized intake for both acute and chronic foot and ankle conditions.
- Meet clinical caseload expectations as agreed on with the Co-Medical Directors and Managing Director.
- Attend and participate in educational meetings and other events as they arise.
- Eagerly participate in the education of medical students, residents and fellows.
- Participate in continuing medical education/professional development to stay current on all best practices and current research.
- Engage with other practitioners and specialists (as required) in order to insure the best possible clinical outcome for our patients.
- Knowledge and adherence to all Footbridge policies, procedures, protocols as well as standards of professionalism.

Requirements

- Orthopaedic or Family Medicine Residency.
- Demonstrated experience participating on collaborative teams.

- High level of professionalism and excellent ability to relate to and communicate with patients with compassion and a sense of urgency.
- Excitement about “living” the Footbridge vision, mission and participating in the success of our long-term strategy.
- Be comfortable with all aspects of non-surgical management of foot and ankle conditions.
- Ability to work in a diverse, fast-paced, dynamic environment.
- Embody a philosophy of professionalism and health and wellness at all times.
- Excellent communication and interpersonal skills.
- Physician in good standing with College of Physicians & Surgeons of British Columbia with adequate malpractice insurance.

How to Apply

Please send your cover letter and CV to:

Kim D'Eith
